

As a paramedic who works night shift and am on call at various times on my days/nights off, I found it a MAJOR problem when the "Do Not Call" was not in effect. The constant ringing of the phone caused sleep/rest issues and could have posed a risk to myself and/or emergency service calls I would have to respond to. I feel it is in the best interest of EVERYONE, EVERYWHERE, to lessen the rules as they are at present. Thank You VERY MUCH for your time in reading this note. Respectfully, Edward C. Keegan III
Paramedic
